This matter was opened to the New Jersey State Board of Dentistry (the "Board") upon the application of Carly Woodward Scarano, RDH ("respondent"), seeking to remove restrictions imposed by the Board's Consent Order of March 7, 2007.

In support of her application to remove restrictions, respondent provided a letter from Louis E. Baxter, Sr., M.D., FASAM, Executive Medical Director, Professional Assistance Program (PAP) which attested to respondent's continued recovery and full adherence to the treatment plan. Based on the letter, her appearance and testimony before the Board on March 5, 2008 and on respondent's compliance with the terms of Board's prior orders, the Board has determined that the prior restrictions on respondent's license are no longer necessary and the within order is adequately protective of the public health, safety and welfare.

IT IS ON THIS 7th DAY OF May, 2008.

ORDERED that respondent is hereby granted an unrestricted license to practice dental hygiene in the State of New Jersey.
